

DESIGN
INDABA

The installation of Paul du Toit’s “Into Tomorrow” sculpture opposite Riebeeck Square has its origins in the Bow Wow Competition that ran at Design Indaba Expo 2009. Fifty designed “Puppy” sculptures were auctioned off for charity.

In 2014 the funds, that were raised six years ago, were allocated to the upgrading of Riebeeck Square as well as the installation of Paul du Toit’s sculpture.
